- **Kaspar Huizing:** Kaspar Huizing is a previous colleague. We were both at Valcon together, he will be able to comment on my work and performance in a professional capacity. He can be reached at khuizing@danskebank.dk.
- **Tianfang Zhang:** Tian was my thesis supervisor for my Master's thesis at KTH Royal Institute of Technology. He is a good reference to learn about my ability to work independently on advanced research projects. He can be reached at tianfang@kth.se.
- **Morten Mørup:** Morten and I have formulated a research project we are currently trying to get funding for. The project is to use graph representation learning to find new innovative uses for existing pharmaceuticals. Morten is a good reference to learn about me in an academic research setting. He can be reached at mmor@dtu.dk.
- **Laura Hortvath-Perge:** Laura is a manager from a previous workplace. She and I worked extremely well together and still keep in touch. She can provide information about how I am to work together with in a fast paced work setting. She can be reached at laurahp@google.com.
